

## New lease on life for hens

Farm animal rescuers put the word out for new homes for some ex-battery hens, and rural homes across Ontario responded. Among rescued hens are four who are making their way from the London, Ontario, area to Uxbridge, to live out their lives with 20 rescued ducks. Their care-givers will nurse them back to health, and give them the dignified life they deserve.

## Update on Global doc

Global TV aired an investigative documentary on July 28, co-produced by Kevin Newman, called *Revealed: No Country for Animals*. The film looks at how Canada has fallen behind other countries in protecting animals from cruelty and abuse.

If you have not had a chance to see the documentary or to contact your MP, it is not too late. Click [www.wspa.ca/ccfa](http://www.wspa.ca/ccfa) to view the documentary, and to ask your MP to watch it and to stand against animal cruelty in Canada.

**Canadian Coalition for Farm Animals** is a *non-profit* coalition of 25 organizations dedicated to the welfare of animals raised for food in Canada.

**Our work is only possible through donations from individuals such as yourself.**
